### Agenda Item Brief

- Meeting Date:** March 9, 2010
- Agenda Item:** Discuss and consider action: Award of surveying contract for the Wastewater Rehabilitation-Phase II project to Cuplin and Associates: C. Bromley
- Background:** Typically, the surveying services are procured as a sub-contract to the overall engineering services, however, because of the short timelines required by the stimulus funds, the surveying was procured separately. The Request for Qualifications were procured in such a manner that if the City is successful in obtaining funds in the second stimulus package that the surveying will be reimbursable. This project has been submitted to Texas Water Development Board (TWDB) for funding in the 2011 State Revolving Fund which includes the new stimulus package.
- Information:** Cuplin and Associates was selected as the top candidate for the project.
- Fiscal Impact:** The City will fund the surveying on this project and if funding is awarded by TWDB, it will be reimbursed.
- Recommendation:** Staff recommends award of the surveying contract for the Wastewater Rehabilitation-Phase II project to Cuplin and Associates and approval of the surveying contract.
